Dear Sirs:

7/8/13

- My concerns are many on the (Peace Bridge's) Gateway Project by the DOT's. I attended the meeting at D'yovill and I feel that the DOT did not answer my concerns for my community such as:
1. are the environmental/health issues being addressed?
 2. What is the scope study of the traffic?
 3. Why isn't the plaza included in these plans?
 4. What is behind motivation for this project?

We live in this area the people have not been included for their own future.

Pollution is the worse for all and you do not plan in helping with the environmental issues, then we are in for a worse situation because of more traffic and less in Health Plans in America.

Sincerely yours,
Rebecca Soto

Thank-you! for your attention
