

Informational Meeting

Tonawanda Community Environmental Benefits Program

The Community Foundation for Greater Buffalo is working with the community to develop and launch the Tonawanda Community Environmental Benefits Program. This is a \$1 million grant program funded through a settlement of a civil enforcement case against the Tonawanda Coke Corporation involving the New York State Department of Environmental Conservation and the New York State Attorney General's office. The program is directed for areas of the community affected by the Tonawanda Coke Corporation, including the Town of Tonawanda, City of Tonawanda, Village of Kenmore, the southern portion of the Town of Grand Island, and a portion of the City of Buffalo including Riverside. The goal of the Tonawanda Community Environmental Benefits Program is to fund projects that address the affected communities' environmental and health priorities, such as enhancing green space, restoring the waterfront, and promoting environmental education. The community will guide the prioritization of proposed projects through a public voting process.

Join us on February 25th so we can create this process in partnership with the community. Please respond to Allie Urbanski at allieu@cfgb.org.

We encourage you to join us to learn more about the program and how you can get involved.

February 25th, 2020
Phillip Sheridan Building
3200 Elmwood Avenue
Buffalo, New York 14217

Refreshments and registration will take place at **6:30 p.m.** and the meeting will take place at **7:00 p.m.**

Please feel free to pass along this event information to anyone else you believe should be part of guiding this process.
