Name of Action or Project: Town of Tonawanda Zoning Law (Chapter 215) Update		
Project Location (describe, and attach a general location map): Town of Tonawanda, New York		
Brief Description of Proposed Action (include purpose or need): This project includes the adoption of a comprehensive update to the Town of Tonawanda Zoning Law (Chapter 215) and Zoning Map. The purpose of this effort was to ensure that the zoning law not only reflects the current vision and values of the community, but also serves as an efficient, effective tool for implementation and enforcement. In accordance with NYS Town Law, local land use regulations were reviewed and updated for consistency with the Town's Comprehensive Plan, waterfront plans, and land use planning best practices. Clarifications were made to review procedures to support desirable investment, as well as revisions to zoning district, use, design, and development regulations based on local use and character preferences. Map amendments were made to clarify district boundaries and better align zoning districts with the Town's existing and desired future development pattern. As a result of this action, the Town's existing Chapter 215 will be fully repealed and replaced by the revised chapter. As the new zoning law is implemented, a more detailed SEQR process will be completed for each proposed development action as required by NYS Law. In summary, the adoption of this zoning law amendment will have a positive impact on the Town, helping to better protect and enhance its character, facilities, environment, and quality of life.
