

ORGANIZING *for* HEALTH *and* JUSTICE

Dear Community Partner,

Clean Air is excited to announce that we will be hosting our **17th Anniversary Annual Dinner** at Trinity Episcopal Church on **Thursday, April 30th**, from **6-8 PM**. This year's dinner theme will be Resist and Reimagine. Resisting attacks on environmental justice and reimagining resilient, safe, and supportive communities for all. As such, we are inviting you to **become an Annual Dinner sponsor**. As a sponsor, **100% of your sponsorship donation will fund our current environmental justice work**.

Clean Air prides itself in organizing directly with the communities on the frontlines of the climate crisis and our independence allows us to follow the lead and respond to the needs of our most vulnerable members through our organizing. Our Annual Dinner provides an opportunity for us to celebrate the accomplishments of our members and partners but also to build relationships with businesses and organizations that share our values. Sponsorship dollars are an important section of our fundraising to meet our value of independence and focus on the leadership development of our members.

This past year, Clean Air's member-led organizing has:

- Rolled out the Buffalo Neighborhood Hubs Program with our partners to build resiliency from climate change in Buffalo by training members and establishing our first five Hubs
- Worked with community members and partners in Niagara Falls to win improvements in emission controls of toxic chemicals at the Goodyear Plant.
- Growing our membership by 30%!
- **& many more wins that we will be celebrating at our dinner!**

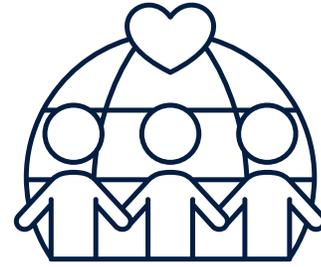

Please see the sponsorship levels and opportunities to purchase tickets or a table for your employees or members to attend. We look forward to your partnership in making this event a true success.
